### **Review and Voting of the 2020-2021 Budget (Treasurer)**

Budget was created in order to support the Free Food Program, because in that way the UASRA is able to help residents with basic needs. The budget is reflecting the shift from events toward advocacy and basic needs programs.

Biggest shifts:

- Green Rep gets a bigger stipend and bigger budget for the year to finance Food Program and drivers/helpers - due to high amount of work being put in.
- Web Editor decrease in stipend - also a decrease in responsibilities.
- No Maintenance Coordinators - we are no longer having in person. meetings/events so residents can no longer reserve the Gazebo, Community Room.
- Health and Safety Delegate increase in stipend - role is important and want to ensure that the stipend reflects the responsibilities.
- Increase in incentive budget - many units go above and beyond their duties and it's fair that they receive an incentive.
- Increase in Mutual aid - the needs of the community are increasing - the budget has shifted to give more back to the community and to allow the current programs to be expanded.
- Decrease in General programming and Welcome Event.

Budget proposed by President, second by Sepulveda C Unit Rep (James B.) Yes - 14, No - 1, Abstain - 0

**Green Coordinator** - Veronica - was already helping at the Sawtelle side. Happy to be here and to be helping the community.

**Garden Coordinator** - More efficient assignment - UV and Keystone. Working on renovating the website, in order to share knowledge and experience.

**Reslife Update** - Josh oversees all the student governments. Appreciate the work that is going to be put in. Brigade the gap between management and residents.

Brittany - community director - brand new role - support, engagements and the experience of the community. A lot of behind the scenes. Basic needs, and other resources that families can benefit. Respond to student conduct.
